Specifications

Materials

Pantonova is made of 5 mm wire which is processed and chromed. The launch consists of three different chair models including cushions. The cushions are available in 2 fabric qualities and leather.

Components

The chairs can stand alone or be connected with clips. The Pantonova is a very comfortable chair - with or without cushion.

The Pantonova is supplied with feet and clips for connection.

Max load

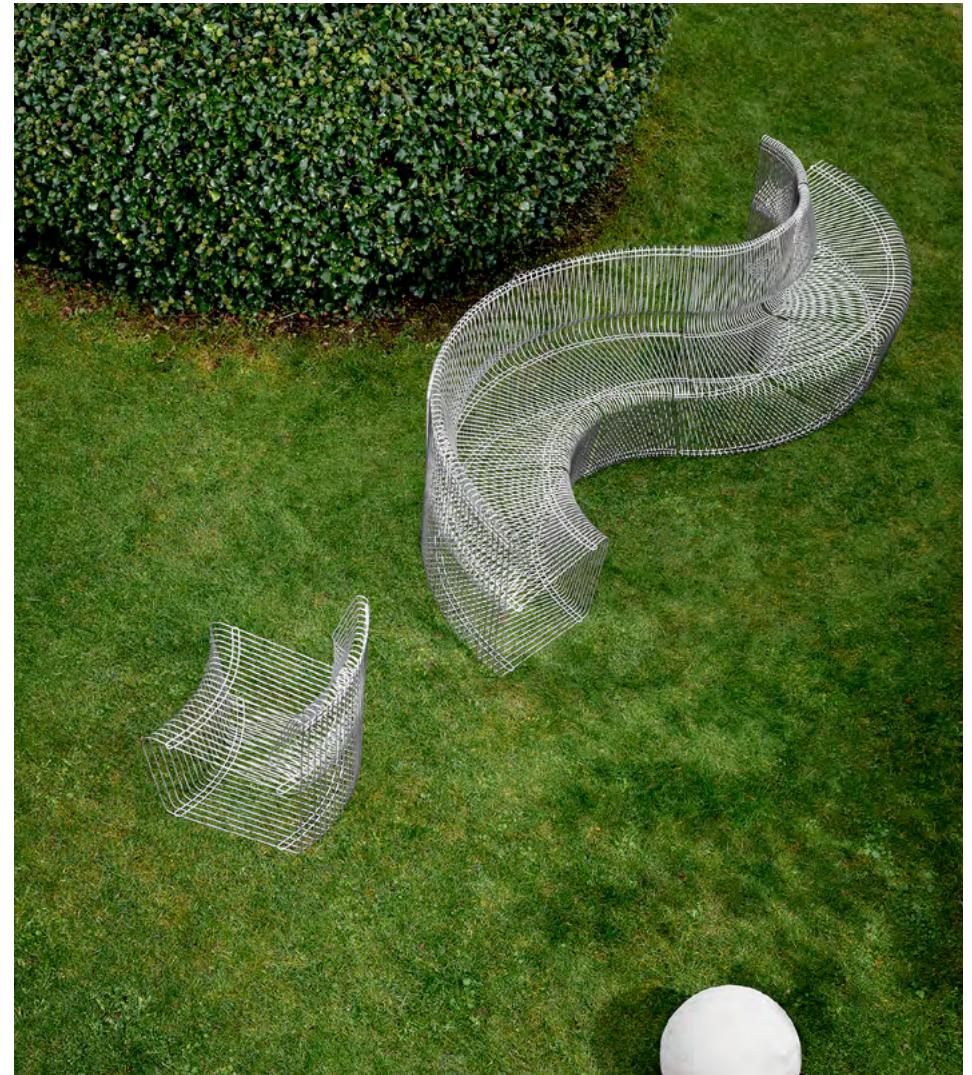

The Pantonova loads up to 100 kg.

Pantonova Outdoor

Materials

Pantonova for outdoor use is made in high-quality stainless steel AISI 316. The surface is electrically polished which creates a matt grey elegant surface. Assembly fittings also comes in stainless steel.
