CABALA

CABALA Sofa Element
Art. no.: 2-454

CABALA Pouf
Art. no.: 2-461

Description:

Arrange it your way CABALA is an intelligent module sofa program with endless possibilities of arranging and grouping. With a unique feature, the seat orientation can be changed in an instant, and it's possible to create two different seating directions at once – e.g. one to the window and one to the fireplace, TV or art piece. You simply push or pull the backrest gently to make it flip to one side or the other. This integrated feature makes it possible to sit on both sides of the base depending on how the backrest is arranged. This diversity makes CABALA perfect for hotels, museums, waiting areas and of course living rooms. The round corners of the designs create a distinct look with a modern edge, and the high-quality upholstery details complete the look. Winner of Good Design Award 2018

Year of design: 2018

Design: Müller & Wulff

The design studio Müller Wulff (Thomas Müller and Jörg Wulff) was founded in Berlin in 2001. From there, the designers work for selected national and international companies designing furniture for private homes and offices. The overarching goal is to create an emotional and functional added value for the user by using a self-explanatory design language that clearly communicates the fundamental story behind each design. Müller Wulff has won a number of internationally renowned design awards: Red Dot Design Award, German Design Award, Good Design Award and Interior Innovation Award.
